Frequently Asked Questions

Where can I see examples of your previous cakes? You can view a gallery of our cakes at www.fionasdeli.com or you can stop by 1001 E. Harmony Road and look through our portfolio.

Does Fiona's provide flowers? Fiona's does not provide fresh or silk flowers, however our bakery staff can work with you or your florist to help with floral arranging on site when we deliver the cake.

What is your cake frosted with? We use Fiona's made-from-scratch butter cream icing or our high-quality, white chocolate fondant. We also do dark rich chocolate ganache finished cakes as well, to suit the design and taste of every guest!

Do you deliver cakes? Of course, we deliver! There is a \$250.00 minimum order for delivery. Delivery charges are additional and are based upon destination. We recommend that larger cakes be delivered to ensure they are transported safely.

How should I store my cake? Cakes do best at a temperature of 75 degrees or below. They should not be placed directly in the sunlight for extended periods of time. They also need a strong table to be displayed on.

Remember, cake is heavier than it looks! Some cakes need to be refrigerated due to filling or icing choice until they are displayed. At your consultation, we will discuss whether or not refrigeration is necessary for your cake.

What is the best way to cut my cake? Cutting varies depending on the size and shape of your cake. Our team will coach you on the best way to cut your cake at pickup or delivery.

Can you replicate a cake if I bring in a picture? While we do not provide "photo machine" cakes, Fiona's skilled bakery team can create an artistic, hand-drawn interpretation of characters or designs. Our ultimate goal is to create a unique cake just for you, but pictures help us get a better idea of your preferred design.

We always love hearing from our customers!
